

## CW724R

# LEAD-FREE SPECIAL BRASS

### DESIGNATION

DIN EN symbol	CuZn21Si3P
DIN EN	CW724R
UNS	C69300

### COMPOSITION

Cu	76 %
Si	3.3 %
P	0.05 %
Zn	remainder
Pb	max. 0.09 %

*(Reference values in % by weight)*

### APPLICATION

Particularly suitable for use in drinking water applications due to good corrosion resistance.

Material accepted for products in contact with drinking water as per 4 MS positive list. The material is lead-free according to RoHS and ELV.

### CORROSION RESISTANCE

Generally good resistance to neutral, alkaline and organic aqueous solutions. Dezincification-resistant according to relevant standards.

NOTE: This data sheet is for general information only.
